Your 5-Step Path to Enrollment

Larry Love University | From first question to first day, we walk with you.

1 Inquire — Tell us about you.

Share your name, the program you are curious about (Business Administration, Information Technology, Early Childhood Education, Performing Arts, or Culinary Arts), and the degree level you want.

Follow-up: Within 24 hours: Addie sends you a personal reply and your next step.

2 Book a Call — Talk with a real person.

Pick a time that fits your work and family schedule. We talk goals, background, and questions, and we cover scholarships for veterans, essential workers, and families.

Follow-up: Within 24 hours of your call: a recap and a checklist of documents to gather.

3 Evaluate Credits — Earn credit for what you already know.

Submit transcripts, certifications, training records, or proof of work experience. LLU reviews documented prior learning and demonstrated competency. There is no arbitrary cap. Final credit decisions come from LLU's registrar and faculty.

Follow-up: Within 24 hours of each submission: confirmation and any follow-up questions.

4 Choose a Plan — Build the path that fits your life.

See your updated degree plan with your credit results, then review pacing, scheduling, and scholarship and payment options with our team. Official details are confirmed by LLU staff.

Follow-up: Within 24 hours: your plan summary and a friendly check-in.

5 Start — Rise up, don't wait!

Complete enrollment, get your access and welcome information, and begin. You finish LLU's culminating requirement (capstone, practicum, or thesis/dissertation) as your program calls for.

Follow-up: Within 24 hours of enrolling: a welcome message and your first-week steps.

Don't wait — apply now at larryloveuniversity.org. That's larryloveuniversity.org.
